FIRE CHIEF SHOWS GRASS FIRE DANGER
 Hannebrink Warns Against Carelessness—Thirteen Fires This Month
 An epidemic of grass fires, for the most part reported by the fire department to have been caused by carelessness, has prompted Fire Chief Ben Hannebrink to issue a warning to residents who have grass-grown lots or yards to clear away.
 The department to date during May has answered 13 calls for grass fires. Eleven of them were reported as caused either by carelessness throwing about of matches and unextinguished cigarette and cigar butts, or by failure to control fires purposely started.
 Chief Hannebrink called attention to the city ordinance which prohibits burning of grass and refuse between 10 a. m. and 4:30 p. m. without a permit. He urged residents who have burning to do to make their fires between sunup and 10 in the morning, or between 4:30 and sundown in the afternoon, and to take proper precautions against spread of the flames.
 Pointers given by the chief in burning of grass and brush included:
 Start fires only when there is no wind.
 Clear away all grass and refuse from the vicinity of buildings before the fire is started.
 Have supply of water at hand for immediate use.
 Do not try to burn too much at once.
 Have enough help at hand to cope with emergencies.

P. E. Will Hold Redondo Until Season Closes
 Pontius Announces Deal for Sale Will Not Be Completed at Present
 It has been definitely determined that the Redondo Beach resort property will not be sold at present by the Pacific Electric Railway, it has been announced by D. W. Pontius, vice-president and general manager.

While satisfactory progress has been made in working out the details of the sale, it was found that it was not possible to complete the deal immediately and it was considered better for all interests concerned not to attempt the transfer of the property during the resort season, the period of the year when it will be extensively patronized by the public.
 It also was announced that several new attractions have been obtained.
